

Correct Lasierstift CLS

Product description

The ZWEIHORN CORRECT Lasierstift CLS can be used for the transparent retouching of small colour defects on coated wood surfaces, e.g. in the case of slight scratches in the surface. CORRECT Deckstift CDS can also be used for retouching of sanded-through veneer and impure edges. The specially formed tip allows line repairs from a hairline to any width. The texture can be perfectly copied. Mixed shades can be reached by applying several layers of different colour shades. To be sure, a sample application should be made on a separate piece of wood or on white paper.

Processing recommendations

- Remove the cap - the applicator is ready-to-use.
- The tincture dries within a few seconds.
- Apply the glaze without any pressure.
- In case the felt tip becomes dry, remove the white cap, then remove the white felt reservoir and soak it with ZWEIHORN Verdünnung 10063 or S 9029. Then the applicator can be used again.
- After use, in order to avoid drying-out, put the cap firmly on again!

ICI Zweihorn products are manufactured for the professional user, who has a basic knowledge about the use and handling of stains, varnishes, glazes and glues. The user information for our qualities given in the leaflets should be regarded as non-binding recommendations. They are based on our test series and experiences and should facilitate and promote the work of our clients. A possible necessary adjustment to the individual working conditions lies within your responsibility. If in any doubt, our material experts as well as our application and laboratory technicians will try to help you as best as they can. We guarantee of course the impeccable quality of our products based on our General Sales and Delivery Conditions. All current technical data sheets are herewith voided.

The use of the final product lies entirely within the responsibility of the buyer. As long as we have not guaranteed in writing specific characteristics and suitability of the products for a contractually agreed purpose, any advice or information given regarding the application, even if the advice or information is given to the best of our knowledge, will be non-binding. Nor does it relieve the buyer, either from his own inspection, and if need be through a trial processing. Furthermore, we are only liable according to Chapter 1 of our General Conditions for advice either given or rejected, which does not refer to the characteristics and use of the delivered product.
