

Naturtrend Holzbodenseife NHS

Product description

Naturtrend Holzbodenseife NHS is a gentle cleaning and care product, consisting of natural raw materials without adulterating fragrances. Naturtrend Holzbodenseife NHS contains water, liquid soaps, coconut fat surfactants, soya lecithin and potash.

Range of application

Naturtrend Holzbodenseife NHS can be used universally for the environmentally friendly care and cleaning of any indoor surface. This also applies for colour and varnish covered surfaces. In case of waxed or oiled floors, staircases etc. Naturtrend Holzbodenseife NHS is added to the water (approximately 250 ml for oiled, approx. 30 ml for waxed or varnished surfaces on 10 l of water). Apply the water only to moisten the surface and remove the remaining moisture after a short absorption time with an almost dry cloth. An aftertreatment with clear water must not be carried out, since otherwise the fine silk lustre protective film is removed.

Product data

Batch sizes	1 l
Viscosity at delivery DIN – 4 mm	liquid
Shelf life in unopened original batches	2 years

Special notes

- Material is frost sensitive. Do not process under +5° C.

Zweihorn products are produced for the professional user, who has a basic knowledge of the stockturn and the application of stains, varnishes, glazes and glues. The user information for our qualities given in the leaflets should be regarded as non-binding recommendations. They are based on our test series and experiences and should facilitate and promote the work of our clients. A possible necessary adjustment to the individual working conditions lies within your responsibility. If in any doubt, our material experts as well as our application and laboratory technicians will try to help you as best as they can. We guarantee of course the impeccable quality of our products based on our General Sales and Delivery Conditions. All current technical data sheets are herewith voided. The use of the final product lies entirely within the responsibility of the buyer. As long as we haven't guaranteed in writing specific characteristics and suitabilities of the products for a contractually agreed purpose, any advice or information given regarding the application, even if the advice or information is given to the best of our knowledge, will be non-binding. Nor does it relieve the buyer, either from his own inspection, and if need be through a trial processing. Furthermore, we are only liable according to Chapter 1 of our General Conditions for advice either given or rejected, which does not refer to the characteristics and use of the delivered product.
