

# ENTR™ Smart Lock Solution

KEY FREE. BE FREE

ENTR™ is the revolutionary smart lock solution that allows you to control your door lock from your smartphone, tablet and other Bluetooth enabled devices.

- No more keys
- Unlock using your smartphone
- Self-locking door for peace of mind
- Easy to install

## Security, convenience and control

Combining Yale high security with today's advanced locking technology, ENTR™ gives you secure, convenient control over the access to your home. Download the ENTR™ app to unlock your door remotely.

- Create virtual keys
- Receive notifications – battery level status
- Find technical support within the app

## ENTR™ highlights:

- Ideal for any door type or size - simply remove your old cylinder and replace with ENTR
- Automatic locking – shut the door and it will automatically lock
- Secure, encrypted wireless communication between system elements
- Wire-free and wireless – ENTR™ is a battery-operated system

## High security access options

ENTR™ works with a variety of devices that give you access control. Select those that best suit your needs and provide you with the most convenience:

### Touchpad Wall Reader

- Predefine up to 20 PIN codes

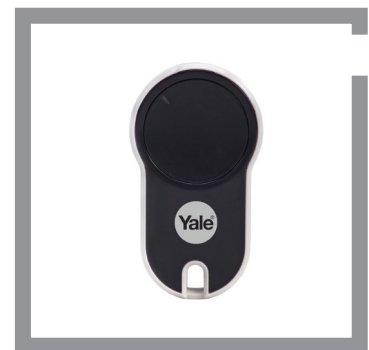

### Fingerprint Wall Reader

- Enter up to 20 fingerprints or PIN codes

### Remote Control

- Battery operated remote control
